

CARD MARKING IN THE 21ST CENTURY

EVOLUTION TO TECHNICAL REVOLUTION

DETECT MARKED CARDS
TIMING & PSYCHOLOGY OF A CHEAT

"Those that fail to learn from
history, are doomed to repeat it"
Winston Churchill

This DVD set is a unique, invaluable, consolidated resource which discusses virtually all varieties of marked cards. **Protect your casino by learning state-of-the-art marked cards detection methods.**

Understand how the latest high technology marked cards evolved from more traditional concepts. Not only will the viewer obtain a strong foundation relating to marked card principals, but, **more importantly** they will see how these ideas evolved into 20th and 21st century methods to maximize deception.
